

Shutdown Grants

Consideration will be given to anyone with a direct or indirect impact from the government shutdown. Priority will be given to those individuals who have the greatest need, who are most likely not to receive back pay once full government services are restored, and those individuals whose information we can verify.

Your participation is voluntary, all fulfilled requests are grants and do not have to be repaid. There is no guarantee your request will be funded and the program may be discontinued at any time.

No phone calls please.
